

PERSONAL CARE FOR WOMEN'S SEXUAL HEALTH ISSUES AND FEMALE AESTHETIC SURGERY

EXPERT CARE FOR WOMEN'S SEXUAL HEALTH

Dr. Karen Boyle, who heads Chesapeake Aesthetic Surgery, is a leading sexual health expert and genital cosmetic surgeon who provides women with compassionate care and surgical excellence.

Dr. Boyle works with women to educate and explain the delicate genital surgical procedures she performs, addressing both function and improvement to genital appearance and form.

The female body goes through many changes throughout a woman's life. At Chesapeake Aesthetic Surgery, Karen Boyle, M.D., works with women who wish to explore genital aesthetic surgery to enhance their appearance and restore natural genital function that may have been damaged by aging, pregnancy, childbirth, or weight gain and loss.

Satisfaction with one's intimate appearance is a very personal issue for women. Dr. Boyle provides understanding and expertise for women's most intimate sexual health issues.

Dr. Boyle treats a wide array of aesthetic and reconstructive concerns of the female genitalia including:

- Labial hypertrophy - labiaplasty of the labia minora
- Clitoral hood enlargement
- Clitoromegaly - clitoropexy
- Labia majora remodeling - surgical and fat transfer
- Vaginal rejuvenation
- Perineoplasty
- Liposuction of the mons pubis
- Reduction of mons pubis
- Hymenoplasty
- Correction of female genital mutilation/female circumcision

In addition, Dr. Boyle addresses issues of female sexual dysfunction including:

- Anorgasmia - orgasmic disorder
- Hypoactive sexual desire disorder - low sexual desire
- Sexual pain disorders such as: Dyspareunia, Vaginismus, Vestibulitis, Vulvodynia, Pelvic pain

As the founder of Chesapeake Aesthetic Surgery and also The Laser Vaginal Rejuvenation Institute of Baltimore and Washington, D.C., Dr. Karen Boyle understands that sexual health and genital cosmetic surgery are very personal issues for the women who turn to her for help.
